## INTRODUCTION

Congratulations on your purchase of the MIDI Solutions Thru. The MIDI Solutions Thru provides two MIDI Thrus from one MIDI In, allowing an additional MIDI Thru to be added at any point in the MIDI chain. Active circuitry cleans up any skewing of the data bits that has occurred at the input, insuring accurate output signals. MIDI Solutions Thru is powered by the MIDI signal and requires no batteries or power supply to operate.

## CONNECTIONS

Connect the **In** of the Thru to the MIDI Out or Thru of the sending MIDI device. Connect the **Thru1** of the Thru to the MIDI In of the first receiving MIDI device. Connect the **Thru2** of the Thru to the MIDI In of the second receiving MIDI device. It is recommended that the number of MIDI Solutions products chained together between any two MIDI devices be limited to five.

## **OPERATION**

The Thru's MIDI Indicator LED will light as soon as the sending device is turned on, and flashes whenever MIDI data passes through the unit. All MIDI messages appearing at the input are sent to Thru1 and Thru2.

## **WARRANTY**

MIDI Solutions Inc. warrants this product to be free from defects in material and workmanship for a period of one (1) year from date of purchase. This warranty is void if the product has been damaged by accident, misuse, alteration, unauthorized repairs or other causes not arising out of defects in material or workmanship. Under no circumstances will MIDI Solutions be liable for any loss of profits, benefits, time, interrupted operation, commercial loss, or consequential damages arising out of the use or inability to use the product. MIDI Solutions specifically disclaims any implied warranties of merchantability and fitness for a particular purpose. If the product requires service, a Return Merchandise Authorization (RMA) number must be obtained from MIDI Solutions and the product must be shipped prepaid to a specified Service Center. MIDI Solutions will repair or replace the product at our discretion and will pay return shipping fees. The customer is responsible for any damage or loss sustained during shipment in any direction.
